About Pusat Penjagaan Kanak-kanak Cacat Taman Megah:

Founded with a vision to provide an environment for the betterment of young disabled children, for their difficulties to be recognised and for them to be given equal status in the society, PPKKCTM currently runs a home for 138 children of all races, ranging from 7 months to 55 years from all over Peninsular Malaysia.

About 100 of these children are disabled with various disabilities such as Down's Syndrome, autism, hyper activity, physical challenges, intellectual disabilities as well as speech, audio and visual impairments. The rest are normal children who come from broken, abused or single-parent backgrounds.

Currently, about 70 children are residing in four houses at Taman Megah while the rest reside at a rented house in SS3, Petaling Jaya. Although PPKKCTM is doing yeoman service, the decentralised system of housing its residents in different buildings is not in the best interest of the residents which has caused in other difficulties for the administration. Through the assistance from kind-hearted souls, PPKKCTM has purchased a piece of land with the intention to build a one-stop centre. PPKKCTM is now eagerly waiting to obtain approvals from the relevant authorities and to raise another RM4.2 million to construct the building for the unfortunate.
